In your experience, the impact of having an in-house heart transplant program on cardiovascular procedural volume is:

In your experience, the impact of having an in-house heart transplant program on the overall cardiovascular services market share is:

**COMMENTS:**

Effect on “disparities “ in health care ??? really? this is an opaque question - please be specific : which disparities ?

**COMMENTS:**

- Serves as a “loss leader” to bring in many other patients. Distinguishes us from competitors.
- Mission critical.
